Women's Wide Brim Summer Hats. These can be supplied in Sun Toast Straw, Natural Hemp Straw, Jute, Suede and foldable roll up floppy material.

## Gentleman M24-476a

Gentleman Hats comes in different variety. Fedoras is probably one of the most polarizing men's accessories. Today the felt firm-brimmed hat is once again on-trend and a fantastic wardrobe addition. Although fedoras come in various sizes and colors, we'd suggest sticking to those with more neutral tones and medium widths. Despite often being confused with a fedora, a trilby is a different type of hat. Made from 90% Natural Fibres, the Trilby features a smaller brim and taller crown than the fedora, meaning you can wear it from spring to autumn. Wear the trilby at the back of your head, instead of pulled forward to protect your face. It is a statement fashion piece rather than a functional hat. They are the hats of choice for boy band members, such as Justin Timberlake, as well as members of the upper class, and are frequently spotted at horse racing events around the world.
